Mission Honduras

Showing, Teaching, and Releasing God's Love

When the earthquake hit Haiti I felt compelled to go and help in any way I could, however the Lord let me know that the time was not right for me and that I just needed to pray at this time. I prayed for the people of Haiti and for all that were going to help.

A few months ago I heard about WME &

Dominic Russo Ministries joining together for a missions trip to Haiti in October 2010. I spent many hours in

prayer and council and felt like God was saying this is the time for you to go. The mission trip will entail several different aspects such as, evangelism, VBS for the children, classes for the women, construction, a crusade, a mobile medical clinic, & much more!

I will be leaving October 18th from Fayetteville Arkansas and returning October 25th. I am a little nervous in that I am the only person from Fayetteville attending this mission so I will fly from XNA to Miami and then meet the rest of the team. I know God has it all planned out though! I will be on the mobile medical clinic team. I'm not sure how it will all play out, however I know that the team is a doctor, a physician's assistant, & myself.

I am so excited about being a part of rebuilding Haiti, healing bodies, & sharing the Gospel of Jesus Christ! I cannot wait to see what God has in store and how He will work!

Dean & I have talked much about having a mobile medical clinic for Honduras, however I've never been a part of one so I really don't know what that would entail other than I know I will need a 4 x 4 SUV due to the road condition in Honduras. I'm not only excited about what God is going to do in Haiti, but how it will teach me and contribute to the work we are doing and desire to do in Honduras!

## Please pray for:

- A Heavenly move of the Holy Spirit in Haiti & Honduras and all of us serving!
- Souls to be saved, bodies to be healed, lives to be changed in the name of Jesus!
- That God will not only use me in Haiti but that He will give me wisdom and direction to be used in Honduras and wherever else He sends me!
- My family, especially Dean as I leave them behind for this journey.
- Provision and revelation for our own mobile medical clinic in Honduras.
- Safety of the entire team headed to Haiti!

Melissa

God Bless you all!
