

Heaven's Reach Ministries

Double the fun!

We are adding an additional Hospital:

In July we will start working with the hospital in Gracias, Lempira, Honduras. It is a sister hospital with the same problems and needs the same solutions. We will start with a garden project and move towards the implementing the Sustainable Healthy Living Program. Please pray for the funds for this new project. The budget not yet met is \$600 per month.

20 people giving 30 a month will fund this program. Feeding and teaching 20 expecting mothers a month.

Opportunities

Kingdom Investing

Adding capacity for more ministry.

A Kingdom Investment of \$15,978 will provide this SUV, Melissa will be able to follow up on ladies who participate in the Sustainable Healthy Living program, carry people to the clinic or Hospital and do other ministry while Dean is on other projects.

Currently the Ministry only has one vehicle, a pickup truck, which ties the hand of one

Victory Farms

\$250,000 to sustainability

Empowering Farmers to adequately provide for their families.

This sustainable Agricultural project will be self sustaining after the initial Kingdom Investment of \$250,000 to purchase land, build buildings including housing for the participants and dig a water well.

Currently Land is ready to buy

Ministry Expansion

Equipping the new location

Birthing the new NGO in Honduras requires equipping a new location for ministry.

The new site will need furniture, equipment, and medicine.

This will provide living space for staff and interns, small group ministry area, and supplies for medical clinics.

Appliance: \$4,000

Furniture: \$6,500
