Projects Updates

It's Not Too Late!

The end of the year is coming quickly but it is not too late; if you make your donation before January 1st, you can still receive your 2012 tax deduction. We have had many people ask for updates on the budgets for our projects so we have put together a summary.

1. An upgrade on our 2003 cab and a half Toyota Tacoma pick-up truck to a 4 door diesel truck. This will allow for transporting more people and cut the fuel cost in half. The budget is \$5,000 and donations received are \$1,200 towards this, the balance is \$3,800.
2. A second 4-wheel drive vehicle for Melissa to work independently and to be able to carry people to and from doctors, clinics, and the hospital. The budget is \$11,900. There currently are no funds toward this budget.
3. Shipping two containers of medical supplies and equipment with an estimated value of \$250,000. This is \$3,500 per container a total of \$7,000. There are currently no funds toward this budget. Every dollar given toward this project sends \$35 of medical supplies and equipment to Honduras.
4. Hiring a Honduran to assist us with our current ministry and garden projects in La Esperanza. A cost of \$2,400. This need has been met for 2013. We now have an opportunity to place someone in Gracias Lempira for the same amount \$2,400. Total pledges are \$25 a month towards this (\$300) leaving a balance of \$2,100.
5. Purchase the land for a 34 acre farm in Honduras. This farm will consist of:
 1. Demonstration farm..
 2. An Alcoholic rehab center.
 3. A bible school.
 4. Seed duplication center for the Sustainable Healthy Living Program.

Once this farm is fully funded it will be a self-sustainable agriculture project that will sustain the rehab center and bible school. The cost of the land is \$250,000. There are currently no funds for this project. We are currently looking for help writing grants.
