Ever expanding partnerships!

Sustainable Healthy Living Discipleship Program

Gracias, Lempira, Honduras

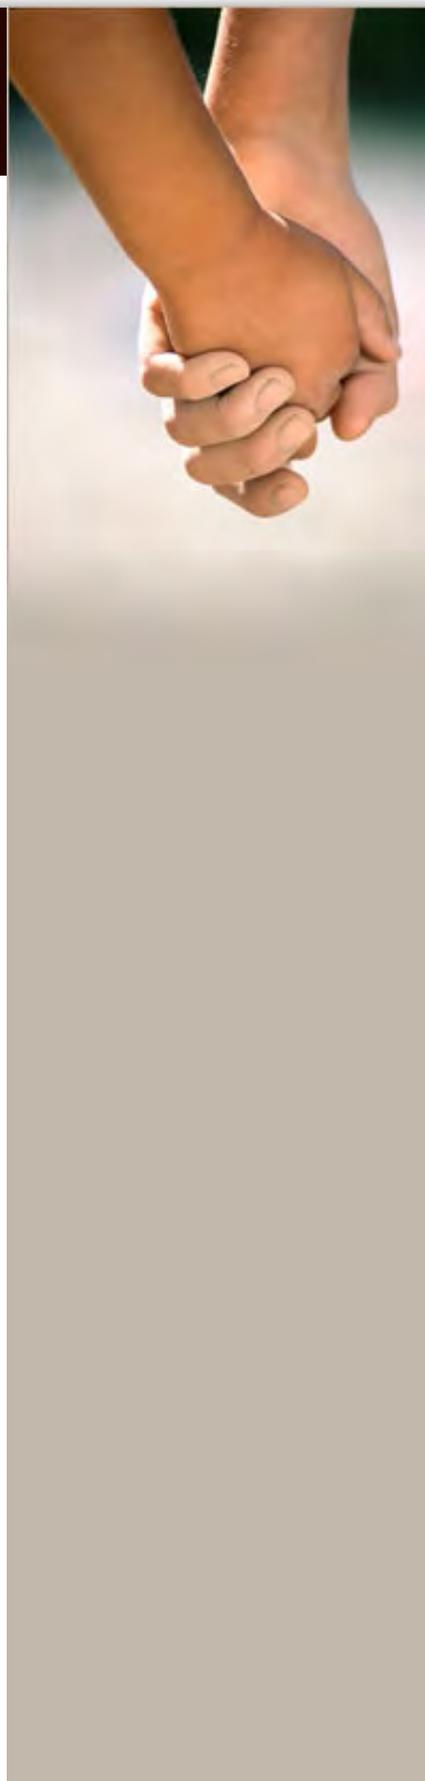

We have been working with the Alberge (expecting mothers dorm) and the Hospital of Gracias since September. They have a small garden next to the Alberge. We now have an offer to use some land owned by the same church that build and manages the Alberge.

They have 15 acres where we may put the initial stages of the Victory Farms program. It will take a water project of \$25,000 and a building project of \$45,000.

The water project will collect and fill a 15,000 gallon tank at the top of the hill; and providing water to a church, ministry center, children's orphanage, and irrigate the farm. The Building Project will construct the dorm for the student farmers and an education center.

Donate

La Esperanza, Intibuca, Honduras

We have been gardening and feeding the ladies in the dorm at the La Esperanza Hospital since 2009 as part of the Sustainable [Healthy Living Program](#). This year we are reaching from 5 to 25 expecting mother a week, but now the hospital is under extreme financial distress and not able to pay many of their employees

or feed their patients. They have asked us to expand our garden at the hospital to feed the patients in the hospital as well as the expecting mothers. Please pray for this project. We do not have the funds to expand but we know God is able to provide. Would you prayerfully consider becoming a

monthly partner and help us expand this program? [click here to partner with us.](#)

"I like the nutrition class, that shows us how a woman needs to eat her vegetables and other foods that provide us with vitamins during the pregnancy. I like that you always come to visit us to teach us, because it's a lot of help, and also for the other pregnant women that are here on how we can take care of our babies and how we can learn from the nutrition classes and know everything we need to know during the pregnancy. I appreciate that you always come to visit us and take the time to talk with us because these teachings are very important for our pregnancy."

Maria Luisa Rodriguez

It is Ladies like Maria who don't know about vitamins and minerals and that they can get them through a vegetable garden, that we help. Now with the seeds and classes we gave her she has learned the importance of vegetable gardens and can start her own.

Donate

Medical Assistance Program

Our [Medical Assistance](#) program is growing also. We have been a part of 6 people receiving wheelchairs this year as well as others receiving medicines and one receiving a sonogram.

Thank you for your prayers and support. If you or someone you know would like to come and intern with us we are currently taking applications.

We are especially looking for garden enthusiast who would like to put their hobby to work for the service of the Lord.

Ministry is a spiritual battle, especially Missions.

We ask that you prayerfully consider becoming an intercessory prayer partner by committing to pray for Heaven's Reach Ministries on a daily basis.

[Sign up Today!](#)

We rely on the prayers and support of churches and individuals like you. If you would like to partner with us and support us monthly a donation of as little as \$5 a month will help us stay in the field. You can donate by mailing a check to P. O. Box 6423, Springdale, AR 72766 or clicking the donate button at the bottom of this page.

To email us simply reply to this email. We are on the following networks and would love to connect with you.

Be blessed in all things,
Dean and Melissa Lowman
