Reaching the Unreached

Going where there are no pastors, churches, or missionaries.

I was talking to a local pastor about unreached communities and this week we have visited two locations where there has been no work there until just a few months ago. In the village we visited today there are no Christians, no churches, no leaders and no missionaries.

We will be working in this area and are looking for teams, interns, and staff members to help us reach places like this one. There are three villages within a few hours of each other. No one goes there to help because the road is very bad.

Interns in July

We are blessed to have two interns with us this month.

Interns become part of the team working along side of us in ministry and fun.

Visiting Missionaries

We hosted Don and Connie Vickery for a few weeks.

They have been in the field for over 50 years and married for over 55 years. We pray they will return and visit us again. It was a huge treat to have them.

Don gave a message at a new Church, being planted by one of our seminary students, in a small village. This Church is beyond where there is electricity so he uses the generator for the light.
