In the middle of a TV service **the Holy spirit spoke** to David to stop and say: "right now you have a pistol in your hand pointed at your head. You think there is no way out. You lost your business, your family and your finances. **I am talking to you.** God says put that pistol down. There is a way out. His name is Jesus Christ. Now call in and let me know you heard me."

Now the rest of the story.

I started the month by hosting my friend Mark Simpson. We had a **pastor's conference in the most dangerous neighborhood in La Ceiba.** Then the day after I delivered Mark to his next destination I picked up Johnny Moffitt and his team of friends

(Kit Cummings, David Humphries, and Michael O'Shields.) **For years I have asked Johnny Moffitt to come** down to

Honduras and this last year he said yes. Johnny is the president and founder of Worldwide Voice in the Wilderness. I told him that I wanted **to help Honduran pastors to do the job God called them to do** including to and in prisons.

We first headed to La Esperanza. There we visited the jail where Kit and Johnny spoke. Michael and David spoke at a local church

where we saw people come to Christ and others healed. We **then went to Gracias** and spoke in two churches inside the prison and they called some of the community together and asked us to partner with them to make the prison a model facility. That night we went to a special service at a church made up of primarily youth where Kit shined for the glory of the Lord. I love going to that church and want to help them do a youth outreach.

The next day we drove to San Pedro Sula where we regrouped for the second half of our time together. Monday we visited the prisons

in **Puerto de Cortez**. Tuesday was our busiest of the trip. We visited the prisons in **El Progreso** then we drove to San Pedro Sula where we **spoke on a national radio show directed to youth**. The vision of the radio show we were on was

the “one lost sheep”.

After the radio we went on an international TV program on JBN broadcast-ed throughout Latin America. We all took turns giving a message and praying. Johnny prayed for a baby to be healed and that family later called in to confirm the word and the healing. Kit spoke and prayed and then David. David broke from his message mid-sentence to speak to a man about to commit suicide. **He told that man to put down his gun that Jesus was with him and loved him**. The man later called in and confirmed everything that David said and that he did put down his gun because he knew that God loved him and everything

was going to turn around. The next day we went to the **San Pedro Sula Prison** where over 2,000 inmates live in the space designed for 800. We walked through that prison and found

the lead pastor, an inmate. He had built a church and started seminary classes inside. **It all started with 4 men in a cell** and grew into the church we saw that night. There were over 100 inmates sitting inside and almost another 100 listening from the yard and

benches. That night the spirit was as sweet in the jail house church as in the youth church in Gracias. It was amazing. **During the alter call over 50 inmates responded**.

I think back at a conversation we had where David was talking about praying about the trip and **God asked him if he would go to Honduras if only for One**. That man with the gun to his head, was that One. **God loved him so much that he sent a pastor from Texas to help a friend of a missionary in Honduras** to speak on an international TV program so that when the man with the gun in his hand flipped the channels he would hear God speak to him and God said “I love you put the Gun down it is going to be all right.” That Pastor from Texas went to Honduras for that one lost sheep.

How far will you go for the one God has for you to reach? Consider coming to Honduras and allowing Heaven to reach through you.

Thank you Johnny for allowing Heaven Reach through you.

Thank you for reading our newsletters. We know you get a lot in your in box and we feel privileged to be one of them that you read. Please pray with us.

Prayerfully, in 2014 we will:

- Expand into **2 more hospitals.**
- Start a **mission's school training** US and Honduran interns in **church planting and discipleship** providing hands on experience by going into the 15 un-reached villages we discovered in the last few months.
- **Expand our seminary classes** by two locations. One location is in **Erandique** the community at the center of these 15 villages.
- **Work to reach the youth.** There are over 1,000 youth in this town. Only 5 percent are currently attending church.

Thank you for your prayers and support. It is a spiritual war and we need you to intercede on our behalf for strength, health, family relationships, others to come and help and financial provision.

May God bless you with every kind of heavenly blessings.
