

Making room for more.

After bringing the two truckloads of medical supplies and equipment to Honduras the warehouse was full to the rim. Over the last few weeks we have been able to organize and give a lot of it to the local Hospital, clinics and ministries.

We were able to help fellow missionaries with a dental chair and a lot of Bible material. We gave a load of Bible material to a local youth pastor who we work with and will be giving him equipment to start a dental clinic for those who cannot afford to see a dentist.

We have made room for more equipment and supplies. Melissa is currently looking for more equipment to add to the next shipment. We can get a 40 foot container worth \$234,000 for \$15,000.

We have been able to give loads of Bible material to ministries in **San Pedro Sula, Gracias, La Esperanza, Erandique, Tegucigalpa, Yoro, and La Lima**. We will be giving some to missionaries in **Nicaragua** this week.

Help us get more to [take to Honduras](#).

Replacing

We are also working to install a cistern at the Hospital to provide the clean water from the well in the garden to the expecting mothers and the hospital (we will need \$10,750 for this.) Now that the roof is mostly fixed from leaks, we will start replacing the ceiling tiles and paint the inside of the Hospital (we need \$7,500 to do this.)

This is a great project for a short term team. [Schedule your trip today](#).

Working in the schools

We have continued to work in the local schools. Fifteen children in this school prayed to receive Christ.

One of the schools needs help with water. They currently collect rain water from the roof of one of the school buildings. They have to open the cistern to get water to flush the toilets. Sometimes they still run out of water.

We want to install gutters on two other sides of the buildings tripling the water collection and a hand pump so they do not have to open the

cistern to get the water.

The teachers also do not have a toilet for them so we would like to install one. That will make three toilets for a school of 5 teachers and more than 75 children. We need \$1,540 to do this.

A gift of \$25 a month will help us continue to reach these schools.
