New Ministries & Opportunities

We have officially moved into our offices on the center and the staff that will be living on campus has moved in. Dean & I are not moved into the house yet as we have a lease on our house in La Esperanza that is not up yet and the house on campus is under repairs, but it will happen soon! We are currently driving up every day for work and ministry.

One of the new ministries we have is a church on campus in the multipurpose room. We are currently having church on Sunday mornings and Wednesday nights. It is small but is growing and we had our first salvation and three rededications already.

We have a new pastor (Quilber) for the church that will start the first week of March. His family is living on property already and he will join them at the end of the month after he finishes his last weeks at his previous job.

Looking for sponsors

This is a huge blessing for the area and we would love to see many of the children we know personally as well as others we don't get the opportunity to not only get a good education but get a Christian education as well!

email me at melissa@heavensreach.org

news updates

Quilber, Julie and their three girls (Kimberly, Michelle, and Aster) are wonderful assets to Heaven's Reach Ministries and we are so excited for them to be a part!

There is a new bilingual Christian school that has opened in Yamaranguila and we are so very excited about it. We have met with the leadership and discussed with them their curriculum and vision and we believe it is an answered prayer for the area. The school will be located directly behind us and will be on the US school system schedule, as most of its teachers come from the states, however they began an intensive English class for all students that are going into grades above kindergarten so they can be ready for the school year to begin in August.

We have enrolled Kimberly and she began the English classes two weeks ago and will be in the First grade starting in August. Michelle will start kindergarten in August as well. The school is charging \$100 a month per child plus the cost of uniforms, supplies and food.

We are looking for sponsors for Kimberly (starting now) and Michelle (in August) but also for many more students that their parents cannot afford the school but desire for their children to receive a good education. If any of you would be interested in sponsoring a child please let us know. Right now the school is only offering K through 3rd grade but will add grades every year as the school grows.

If you are interested in sponsoring a child please email me at melissa@heavensreach.org and we will work out the details.

We are Amazed

We are amazed at how God has not only given us a ministry center but has grown our staff, our projects and our ministry! Some may say but you don't have the funds for this so don't start it but

God doesn't say anywhere in the bible to wait for the resources and then begin the work, He says go forth and make disciples, feed the poor, help the widow and the orphan. We are believing Him for provision and for more and more ministry opportunities to touch His people and grow His kingdom!

May God Bless you all

Thank you for supporting us and our work here in Honduras!
