The fields are white

The Field is white with the harvest!

Have you ever driven past a cotton field and saw the white of the cotton bursting out begging someone to come and get it out of the husk where it is stuck?

When Jesus said behold, I say unto you, Lift up your eyes, and look on the fields, that they are white already unto harvest. John 4:35 (ASV)

He is talking about now. Now is the time now is the hour for the field is ready for the harvest.

We have been asked by La Paterique, a community, to build a church and a feeding center. We have been given the land. We now need your help. Please pray for the harvest that the Lord will send more workers as His ministry in Heaven's Reach Ministry grows. This community has more than 46 families and many children.

We dedicated this property this week.

We ask for your teams, interns, prayers and support as we work in more and more communities. We are now working in four communities and the others will be ready for churches soon. Come and let Heaven reach through you.

Receiving a container

We are waiting for our Clinic in a can to make it through the red tape at the port of Cortez. It has been there for three weeks. I am going this week to talk to the first lady and ask for her help.

Please pray for this meeting and for the container to come to our ministry center where the support columns are ready to receive it so it can serve as a prenatal center extending our Sustainable Healthy living program to include the beginning of pregnancy.

This will be a permanent presence of the love of Christ and the beginning of a complete medical center.

Thank you for reading our newsletters. You keep us in the field.

We are the hands but you are the body. We would not be able to do what we do without your prayers and support.

Your donation of any amount will be greatly appreciated and help us reach our goals of sustaining the work.

From the Heart

I was sitting on the hill side looking out into the valley below. I was tired, weary and broke. I wanted to quit. The strength within me was gone.

Then I stopped being selfish and remembered why I was a missionary.

There are people dying and going to Hell and God asked me to be his fisherman. I prayed and the Lord reminded me that He is my strength, my shield and my provision.
