## Heaven's Reach Ministries

Oct/Nov 2015

We have been working to bring awareness of the work in Honduras and gathering supplies and equipment. We are receiving the ultrasound machine next week and will start showing expecting mothers the life within them and doing prenatal care along with family care in the clinic.

### **New opportunities God is allowing.**

We are so excited at the new opportunities God is allowing.

The feeding center we started is now serving food, fun and ministry to 48 children.

We are also planting a church at the center.

We are having church Sundays and Wednesdays and have a wonderful children's church. Once a month we host movie night and serve popcorn and a message during that time. We had 60 people come to the last movie night.

We are installing three aquaponics systems to produce food for the feeding center, hospital, and ministry center. We will use all of them as teaching tools in the Sustainable Healthy Living program. These systems will produce fish and vegetables for the participant.

We invite you to come see and experience the ministry first hand by visiting us in Honduras. The ministry is growing and we would like you to join us in prayer for an increase in our monthly support and project funding.

You can find our newsletter archive at [www.heavensreach.org/newsletters](http://www.heavensreach.org/newsletters) and connect with us at [www.facebook.com/heavensreach](http://www.facebook.com/heavensreach) to see new activity as they happen through pictures, video and messages on a daily basis.

God Bless you and your family,

Dean & Melissa Lowman
