**Hello to everyone**  
from Honduras!

We can't believe that 2015 is almost gone already. However, we are so excited about 2016 and all that is and will be going on with Heaven's Reach Ministries.

When we sit and look at all that God has begun and has done over the last 8 years we are amazed. HRM has tripled over the last year.

**Projects for 2016:**

We will receive our 2<sup>nd</sup> medical clinic by February 2016. We desire to open both of these clinics full-time by March of 2016.

We are **praying for another ultrasound machine and more lab equipment** as well as the medications needed to provide for pregnant and non-pregnant patients.

We are also praying for the money to operate these clinics on a monthly basis.

We will be planting our first crops on Victory Farms by the end of January.

We will continue:

**Recap of 2015:**

We moved onto the missions' center in Yamaranguila allowing us to house ourselves, some of our staff, teams from the states & shipments of supplies and equipment as they come in to be distributed.

We now have:

- **A church on center**
- **A feeding center in Lepaterique**
- **A church plant**
- **A tractor working on Victory Farms**
- **3 aquaponic training systems.**
- **Our medical clinic with an ultrasound machine**

We also held many movie nights and were able to **feed 260+ people for Christmas.**

**Prayer Needs:**

Please pray with us that more people and churches will come on board with us and help meet the growing financial needs and growing work.

We have never been fully funded and yet God always meets the needs. He is faithful! We praise Him for you all and for the work that has been done and that needs to be done.

Please pray for our family. Justin has surgery on January 8th on his feet (he has bones trying to protrude from the bottom of his feet). Haley is scheduled for a repeat

- The church on the center
- Church planting in Lepaterique and other remote villages.
- The feeding center in Lepaterique and would like to grow it more than just one day a week.
- Installing smaller aquaponics projects in individual homes.

**We are so grateful for those of you that pray for us, encourage us and support us financially and we couldn't be here or do what we are doing without you. When we moved here 8 years ago we couldn't imagine what Gods plan was and what we would be doing.**

**We also couldn't imagine how faithful you are to help us and keep us on the field. Thank you so very much.**

**Pray for the protection of us, our staff, families and the work. There is much spiritual warfare and we need all of the prayer warriors we can get to fight this battle!**

**We pray that God returns to you 100 fold and that 2016 is the best year yet for you all and for Heaven's Reach Ministries!**

**God Bless you all!  
Happy New Year!**

**Dean and Melissa**

These systems will provide tilapia and fresh vegetables to homes and areas that don't have adequate water systems or space to grow gardens on the land.

We are looking for more staff and need the funds to hire Honduran staff. Hiring staff helps get the work done but it also helps feed their families that otherwise cannot find work here.

cesarean section on Feb 19th to bring her second baby girl into this world.

Pray that we can be in Honduras and get the work done and also be in the states to be with our family during these times. When we are here we long for our family and when we are in the states we long for our work and passion that God has given us to make a difference in Honduran lives.

Pray for our mothers and their health. Pray for us and our staff that we would have wisdom and discernment to follow the plan and purpose that God has for us.
