Medical and Educational Missions

Mission Honduras

Showing, Teaching, and Releasing God's Love

**Hello! We pray that your new year has started off filled with blessings.**

Dean and I want to introduce you to Brikny Jireth. Brikny is almost 9 months old now. She was born missing her left ear and having multiple problems with her heart.

We met Brikny when she was 7 months old and we have been trying to help get her the appropriate healthcare needed as well as supplying her family with formula to help her get the proper nutrition that she needs.

We know that she needs heart surgery and we are in the process of getting all of the tests ran that she needs prior to the surgery. This is a long process as she and her mother have to travel 5 hours to the city for each test. She will return to Tegucigalpa this Thursday and we hope to know when the surgery will be scheduled. We tried to get her into a private hospital but did not receive any information back so we will proceed with the public hospital in Tegucigalpa.

Please pray for Brikny and her family. Also if you feel led to help us provide formula, medical tests and travel to and from the city we would greatly appreciate it.

Melissa and I thank you for reading our newsletter. Your prayers and support keep us in the field.

May God bless you  
With all kinds of blessings

## Youth Ministry

### Soccer Team

Dean started a soccer team in January.

## Ministry Update

### Many things going on

We still have 2 church locations with services going

## Prayer Points

### Please pray with us

This is to minister to young men in the Yamaranguila area. He has 26 young men coming and the purpose is to mentor and disciple them. They have a devotion and prayer time during every practice and before every game.

We have an area on the mission center for a soccer field and soccer is one of the most important things to a Honduran male and an excellent way to minister to them.

We were able to purchase part of the uniforms but we still need supplies, grass for the field, shoes and a few things if you are interested in helping.

#### Our First Team of the Year

You can be on the next one!

the feeding center

the hospital garden

teaching sustainable healthy living to pregnant women

tilling the ground at Victory Farms and ready to plant and many more things going on as well!

#### Prayer lists:

1. Haley will have a cesarean section 2/19/2016 if she does not go into labor earlier (I am hoping 2/18/2016 as that is my birthday and what a birthday present! Lol!)

2. Justin is still having insurance issues and he needs that surgery on his feet.
3. We are in need of financial partners to help us get these medical clinics opened on a full-time basis as well as to get our first crops planted on Victory Farms.
4. Pray for us and our staff to have wisdom and discernment in doing what God has called us to do!
5. Digna & Joel will be having their baby in May.
6. We have two trucks in the shop: 1 with a transmission out and 1 with the steering out. We need the funds to get them fixed.
7. We are needing a vehicle while stateside to fundraise and be with family.
