

# Heaven's Reach

What has Heaven's Reach Ministries Done this Year?

**I can't believe this year is almost over. It has flown by.** The year started off with SPA (the Honduran NGO in Tegucigalpa) removing us from the center because they did not approve of Evangelism and the works we were doing off of the center. God is faithful though and continued to bless us and the work He has given us.

**We are now living in La Esperanza and we have the perfect house for us, our offices and our teams. It is centrally located to all of our projects.** What the enemy meant to destroy us with God has used to strengthen us!

We have begun the first steps of our Victory Farms Project and planted and harvested our first crops. We were able to tithe a 100 pound bag of red beans to a local pastor and

another 100 pounds of red beans to the local Alberge to help feed the high risk pregnant ladies that are rooming in until they

Top opportunities!

An ultrasound for the second clinic: \$6,000

Medications for the two clinics: \$3,000 each

Monthly support for us, other staff members and for the ministry

Prayers for favor, health, peace, unity and God's will

Money for 250 Christmas boxes for children: \$300

Water for Le Paterique feeding center and church:

Bathrooms for Le Paterique

Electricity or Solar for Victory Farms

Tin to finish the roof at Victory Farms

Wood to finish the house at Victory Farms

Funds to build a Church Building in Yamaranguila

delivery their babies. We were also able to get a barn built to house the tractor and equipment.

The aquaponics on the center was harvested before being moved to our new location. It is producing and things are growing as well as the fish that are about 6 inches long now.

The aquaponics on the hospital site was broken into and the pump and battery were stolen. We will need to replace these parts to continue this system, however the director of the hospital has asked us not to move it and to restart it when their construction projects are completed. He wants us to continue our garden, aquaponics and tilapia projects there and not move them.

The aquaponics at the feeding center in Le Paterique is producing some. It is the aquaponics that is done manually without solar and or electricity. It depends on a local leader in the community to turn the water daily. The corn failed, however the different types of beans have done well. The fish are growing there as well. We look to get a solar panel out there with a battery operated pump to increase the output of vegetables.

**We have been blessed to give many baby and mom packs to the high risk pregnant women that travel hours to deliver** their babies at the only public hospital in their

state/department. The packs are helping to inspire women to deliver in the hospital and not in their homes where they deliver on dirt floors with no electricity or running water. We will move this program to our clinics that are being placed in remote areas so that prenatal care and ultrasounds are encouraged.

Prayer points and Opportunities to bless:

Joel

Baptista has joined our team and he leads worship and is doing the teaching for the adults in Le Paterique. For those of you who know Digna (our secretary/translator) he is her husband.

We have a family from San Pedro Sula coming this next week to partner with us as well. Harry & Diana Cruz. They will help with the church, the farm and the medical projects.

Our needs:

- An ultrasound for the second clinic: \$6,000
- More teams to get the work done
- Medications for the clinics: \$3,000 each clinic
- Monthly support for us, Harry & Diana, and for the ministry
- Prayers for favor, health, peace, unity and God's will
- Money for 250 Christmas boxes for children: \$300
- Water for Le Paterique feeding center and church:
- Bathrooms for Le Paterique
- Electricity or Solar for Victory Farms
- Tin to finish the roof at Victory Farms
- Wood to finish the house at Victory Farms
- Building funds for the Church in Yamaranguila

### Mission Teams

Reserve your dates now!

We had several teams that came throughout the year to help minister to the people and get many projects completed; including pouring a floor for the feeding center, doing evangelism, giving a remote medical clinic, leadership conferences and building the barn on the farm.

[Team activities](#) vary based on the gifts and talents of your team. Opportunities range from VBS, soccer, construction, medical clinics, school outreaches and

### Clinic Grand Opening

God's Love Medical Center

The mayor did not want to see us and our help to the community leave. He & the community moved our clinic to CEASI in Yamaranguila. We have had to build bathrooms, get electricity and running water as well as secure a building for our pharmacy and supply area. It has all come together.

We will have our grand opening December 1st. We and the community are so very excited.

Last but not least our second clinic is on the move and is set to arrive

### Church and Feeding Center

Planting churches

Our feeding center in Le Paterique is going very well. We love this ministry. We feed the kids, teach them to pray, teach them a bible lesson, and then give the adults a message as well. We are also having church on Thursday nights with the community that is going great!

We have many opportunities to help people, families and communities throughout the year. We are teaching bible lessons in a couple local schools, providing formula to infants that need extra supplementation, supporting 2 students to go to a Christian Bilingual School, helping local schools with supplies, and doing outreaches in many communities.

Stay Connected!

We post pictures and activities daily on our Facebook. Connect today to our page and stay on top

conferences.

Team size may be 5 to 25 people.

Find out how you can bring or be a part of a team today by going to our [Team page](#). at [www.heavensreach.org](http://www.heavensreach.org)

anytime.

We are working with local health department leaders to find the perfect community for this clinic.

Get social with us!

Everything you do and say has an effect on not only the people around you but the world and most importantly the Kingdom of Heaven! You have the ability to share Christ's love with everyone you come in contact with. You have the ability to speak life and purpose into those around you. If you are praying for, encouraging, supporting [Heaven's Reach Ministries](#) you are making a difference for the Kingdom of Heaven, because we are here touching lives because [you help us](#)! It is a chain reaction, a snowball effect!

God Bless you!
