For Such a Time as This

Open Full Time: God's Love Medical Clinic

After almost 2 years of hard work and prayers the first of at least 3 medical clinics has been opened full-time. We are so excited and blessed to have it up and going. God's timing is always perfect. We had our ribbon cutting ceremony on December 1st and then began seeing patients. We have a full-time doctor that will see patients Monday thru Fridays from 8am until 3 pm. We also have a doctor

that will do ultrasounds one day a week (10-12 during that day). He would like to work full-time at our clinic allowing him

to perform ultrasounds on pregnant women not just in Yamaranguila but in the surrounding villages as well. Pray that we will receive favor and that this will happen in January. The need is great for this as most women are unable to have ultrasounds at present because the resources are not available to them.

Our second clinic is set to arrive on December 10th

It should be moved to its permanent location that next week. The community of Masaguara, which has around 11,000 people will be where the clinic is placed. There is only one small health department there and they are very excited to have our clinic there that can help their people. We are working on getting an ultrasound for this clinic and we are hoping to have the clinic opened by the first of February. We will need to build bathrooms, get electricity and water hooked up, make steps and a handicap ramp and build a pharmacy and supply building so it will take some time.

These clinics will provide general medical care, prenatal care, minor surgeries, medications, ultrasounds and prayerfully soon lab work for people that cannot afford it.

God is working and things are happening! Thank you all for your prayers, support and encouragement!
