A look back and ahead

A Look Back

I am doing year end accounting; and I am in awe at how you, the supporters of Heaven's Reach Ministries, responded to the call to help HRM continue the work in 2017. The work continues to grow. "We" that is you, the staff of HRM and I helped so many last year through the ministries of Heaven's Reach.

Your prayers and support was and continues to be vital for the ministry to show the love of God to those who are suffering and suppressed. You gave and prayed. And "you" where a direct answer to their prayers for God to show up and change their lives through [food](#), [education](#), and [medicine](#).

You made the difference in their lives.

A Look Ahead

As the days start to grow longer it is time to focus on the work ahead in 2018. So many great things are happening in Honduras. With the partnership with Samaritan's purse providing an opportunity to start a new year of outreach into the schools. We are making an impact to the teachers and the students.

The feeding center continues to make a difference in the lives and families in Lepaterique as the church continues to be established and mature. The clinic in Yamaranguila is starting its second year of service and ministry. **Pray for a deepening if ministry through this clinic.**

Melissa is starting an online masters on the 16th. **Please pray for her as she continues her studies.**

www.heavensreach.org

As you partner with Heaven's Reach you let Heaven reach through you. You are a missionary. If you are not a partner [become a partner today](#). Pray and support God's work through Heaven's Reach.

Please pray for Honduras

The New Year also has its challenges. Since the first re-election of a president of Honduras in its history, there has been a lot of civil unrest and protests.

It is not affecting the ministry much so far but the protests are expected to expand into our area. The opposition to the president is calling for more protests, blocked roads, and boycotts of all commerce.

Please pray for peace and calm to return to Honduras. Please pray for protection and provision for the work and staff of HRM.

We do not expect physical harm but do expect the devil to use this to hinder the work. The staff is doing a wonderful job while Dean is in the US. He had planned to return to Honduras this month.

Melissa is starting an online masters on the 16th.
Please pray for her as she continues her studies.

We want to communicate.

Monthly: We strive to send out a newsletter update once a month with highlights. Not getting our newsletters directly sign up today on our website under newsletters and see archived ones

Weekly and daily: We post pictures and stories of things weekly, sometimes as they happen on Facebook and other social networks.

Another shipment!

We have two more truckloads ready to ship to Honduras. If you have donations to ship to Honduras please contact us and we will let you know how and where to send them to get them on this shipment.
