Merry Christmas

Today we move our attention off of what God has given us and towards what He has done for us. His saving Grace through the cross. We are preparing to give gifts to the kids at the feeding center to celebrate Christ coming down from Heaven to be among His children. It is hard sometimes to remember that we are all His children. From the greatest to the least of these, We are all His Children.

I am just amazed how God has worked

I am just amazed how God has worked through HRM through out the years. We went from helping with teams to hosting teams; from having a garden to having [a farm](#); from helping a mother feed her family to having a [feeding center](#) and planting a church; from buying a prescription for a child to having a full time clinic that dispenses [medicine and ministry](#). We thank God for everything He has done and everyone He has used to do it. He used you to pray, encourage, and support us and Heaven's Reach Ministries. We celebrate today that You have come along side of us and Heaven's Reach to provide farming training and Discipleship; food and God's love at the feeding center; medicine and ministry at the clinic. We praise God and thank you for being a part of this ministry.

I had the privilege of touring

"While in Honduras, I had the privilege of touring the local [hospital in La Esperanza](#). The hospital cares for the people of La Esperanza as well as the nearby towns and villages. The next closest hospital is approximately 5 hours away. While touring the hospital I was amazed at both the physical condition of the hospital as well as the lack of supplies and equipment. The week I toured the hospital a med student staying at the mission house I was at was following the doctor for an internship. During 72 hours of his internship he witnessed the doctor having to choose life and death for two newborn babies, not because of un-treatable causes, but because of lack of equipment and supplies by not only their hospital, but also the main city hospital of Honduras." That was one of our first [newsletters in 2006](#). We have shipped over 7 truck loads of cargo and have over two truckloads in a warehouse being readied to ship to Honduras. We have donated to more than 5 hospitals and countless clinics over the years to bring adequate medical care and God's love to Honduras.

The Journey that is Heaven's Reach

I gave an interview "The Journey" and told our story the story of Heaven's Reach and how it became what it is today. [Listen to the full interview or some of the clips.](#) We [need your continued help.](#)

As we go into the darkness we need your prayers to go with us and shine His light and show His love. We need gas for the tank to get to the [next village because](#) if we don't go they will parish for the lack of knowledge.

Pray for us and Heaven's Reach Ministries. And pray for the Harvest!
