Victory Farms: A Dream to Reach

**The closed door**

Victory Farms started as a dream to reach and empower those who have land and do not know how to utilize it. We have been using 50 acres under a free lease for 7 years. We are now at the end of that time and need to move.

**The open door**

We have found land that is suitable for the farm and the ministry center

Through your prayer and support, you go with us to touch the hurting like Lilia. If HRM Love of God Medical Clinic was not in Yamaranguila Honduras, she would not have taken her son to the doctor even if she could have because the public doctors are very limited on medicine

and supplies.

She was able to bring her son to be evaluated and receive treatment including the medicine he needed. They now know that God loves them. They received a loving hand, treatment and ministry thanks to you and your support. Thank you for your prayers. We are able to touch more than 40 mothers, fathers, and children each day with the Love of God.

Please pray for our second clinic placed even more remotely into the mountains. It will open after the next inspection.

This will be our last harvest before moving the Victory Farms to a new location. We are at the end of our lease on this property and the owner is selling it.

Many have asked me if Honduras was dangerous. My reply is always the same. The world is dangerous. There are places here in the USA I would not want to go. Honduras has some places that are too dangerous to go to with teams. We still serve in those areas when God calls because when God calls you.... You go. He protects you and provides for you. We do not take teams, interns or staff into those areas regularly. Those places are not in the area where our projects are. We pick teams and interns up from the airport and guide them keeping them safe and healthy until we take them back to the airport.

There have been some protests mostly in the big cities. Usually amounts of some cars blocking the roads for a preset amount of time and then the police come and tell them their allotted time is over and they need to leave. A few things happen but only in localized areas where we do not go. We have three "big cities" in Honduras: Tegucigalpa, San Pedro Sula and La Ceiba. The airport we use is outside of San Pedro Sula. We do not have to go into the city or travel through it to get teams from the airport and go to our location in the southwest mountains.

That said, we have seen areas transformed. We have done pastor conferences in areas and the next year go back and those areas are no longer dangerous. God has the power to transform hearts, minds and communities.

Please pray for Honduras and its people. Through the transforming Spirit of God Honduras will be a better place. Pray He uses HRM as a transforming force to transform communities and touch lives as He builds His Kingdom.

### Let Heaven Reach Through You!

Prayerfully Consider coming to Honduras on a [team](#) or as an [intern](#) and experience the Love Of God as He uses you to be His testimony to the families and children. He will use you to touch the nation one person, one child at a time.
